Orios Designs was proud to be a part of Paint it Pink this year. Thanks to Loris Crawford of Art off the Main and Khadijah "Vibes" Carter of Paint it Pink. This gala contained cocktails and hors d'oeuvres that serves amidst some of the finest works of art being produced by artists of African, Caribbean and Latin American ancestry was a wonderful experience. The event was held at the famous Puck Building in Soho. The night was hosted by on air personality and writer Raqiyah Mays of Hot 97 and 98.7 Kiss FM. There was live entertainment by advocate and breast cancer survivor Khadijah "Vibes" Carter. Exquisite art was being sold by artists. Curators, professionals and other art lovers were mingling and helping to raise funds for breast cancer awareness and advocacy. The night was inspirational to say the least. Unfortunately, we all know someone affected by breast cancer but that only encourages us to do something to support the cause. Orios Designs was proud to contribute a piece titled "Survivors" that was auctioned off, with some of the proceeds going to The Young Survival Coalition - The Young Survival Coalition (YSC) is the only international, non-profit network of breast cancer survivors and supporters dedicated to the concerns and issues that are unique to young women of color and breast cancer.
